

ZHONGHAO FU

419 Econ Building ◊ 600 Guoquan Road, Shanghai, 200438
(021) 6564 3514 ◊ zhfu@fudan.edu.cn

EDUCATION

Ph.D., Economics, Cornell University	May 2017
M.A., Economics, Cornell University	January 2014
Master of Public Administration, Cornell University	May 2011
B.A., Political Science, Renmin University of China	July 2009

EMPLOYMENT

Associate Professor of Economics (with tenure) School of Economics, Fudan University	December 2022 – Present
Research Fellow Shanghai Institute of International Finance and Economics	May 2018 – Present
Assistant Professor of Economics School of Economics, Fudan University	June 2017 – November 2022

RESEARCH FIELDS

Econometric theory, time series analysis, financial econometrics, empirical macroeconomics

PUBLICATIONS

1. “Distinguishing time-varying factor models,” (2024), with Liangjun Su, and Xia Wang, *Journal of Business & Economic Statistics*, forthcoming.
2. “Testing for strict stationarity via discrete Fourier transform,” (2024), with Shang Gao, Liangjun Su, and Xia Wang, *Econometric Theory*, 40(3), 511–557.
3. “Estimation and inference on TV-FAVAR models,” (2024), with Liangjun Su, and Xia Wang, *Journal of Business & Economic Statistics*, 42(2), 533–547.
4. “Specification tests for time-varying coefficient models,” (2023) with Yongmiao Hong, Liangjun Su, and Xia Wang, *Journal of Econometrics*, 235(2), 720–744.
5. “Testing for structural changes in large dimensional factor models via discrete Fourier transform,” (2023), with Yongmiao Hong, and Xia Wang, *Journal of Econometrics*, 233(1), 302–331.
– “Best Paper Award”, the 2nd Chinese Econometricians Forum, December 2018
6. “On multiple structural breaks in distribution: An empirical characteristic function approach,” (2023), with Yongmiao Hong, and Xia Wang, *Econometric Theory*, 39(3), 534–581.
7. “A model-free consistent test for structural change in regression possibly with endogeneity,” (2019), with Yongmiao Hong, *Journal of Econometrics*, 211(1), 206–242.

WORKING PAPERS

1. “Consistent testing for structural changes in time series models via discrete Fourier transform,” with Yongmiao Hong, and Xia Wang, *submitted*.
2. “Estimating and testing multiple structural breaks in nonparametric regressions with endogeneity,” with Yiqiu Cao, Xia Wang, and Xingtong Zhang.
3. “Estimation and inference on state-varying FAVAR models,” with Shang Gao, and Xia Wang.

4. “Monitoring structural stability in large dimensional factor models.” with Xia Wang.

WORK IN PROGRESS

1. “Distinguishing smooth structural changes from abrupt structural breaks.”
2. “Testing for structural changes in panel data models via discrete Fourier transform.”
3. “Testing for structural changes in panel data models with interactive fixed effects.”
4. “Program evaluation with time-varying effects.”

TEACHING

- Econometrics II (Graduate), Fudan University
- Analysis of Financial Time Series (Undergraduate and Graduate), Fudan University
- Machine Learning and Nonparametric Methods for Finance (Graduate), Fudan University
- Probability Theory and Mathematical Statistics (Undergraduate), Fudan University

RESEARCH GRANTS

- “Instrument variable-free tests for structural changes in economic models with endogeneity”
Shanghai Pujiang Talents Program (No.18PJC006) *September 2018 – September 2020*
- “Inference for structural changes in economics: frequency domain-based approaches”
National Science Foundation of China (No.71903032) *January 2020 – present*

CONFERENCE PRESENTATIONS

- | | |
|---------------------------------------------------------------------------------------------------------------------------------|----------------------|
| The 2022 Symposium on Modern Statistics at Xiamen University | <i>December 2022</i> |
| The 16 th International Symposium on Econometric Theory and Applications | <i>July 2022</i> |
| The 2021 Symposium on Econometrics and Big Data at Xiamen University | <i>July 2021</i> |
| The 3 rd Chinese Econometricians Forum | <i>December 2019</i> |
| The 5 th Guangzhou Econometrics Workshop | <i>November 2019</i> |
| The International Workshop on the Extreme Value Theory and Its Applications | <i>October 2019</i> |
| The CityU Workshop in Econometrics and Statistics | <i>August 2019</i> |
| Asian Meeting of the Econometric Society | <i>June 2019</i> |
| The 5 th Annual Meeting of Young Econometricians in Asia-Pacific | <i>January 2019</i> |
| The 2018 Symposium on Modern Statistics at Xiamen University | <i>December 2018</i> |
| The 2 nd Chinese Econometricians Forum | <i>December 2018</i> |
| The 4 th Guangzhou Econometrics Workshop | <i>November 2018</i> |
| The CUHK Workshop on Econometrics | <i>April 2018</i> |
| The 4 th Annual Meeting of Young Econometricians in Asia-Pacific | <i>January 2018</i> |
| The 2017 Symposium on Modern Statistics at Xiamen University | <i>December 2017</i> |
| The 3 rd Guangzhou Econometrics Workshop | <i>November 2017</i> |
| The 13 th International Symposium on Econometric Theory and Applications, | <i>June 2017</i> |
| Econometrics Seminar at Cornell University | <i>November 2016</i> |
| Econometrics Brown-bag Seminar, Xiamen University | <i>April 2016</i> |
| International Symposium on Recent Developments in Econometric Theory
with Applications in Honor of Professor Takeshi Amemiya | <i>June 2015</i> |
| NY Camp Econometrics X (Poster) | <i>April 2015</i> |
| The Econometric Society China Meeting | <i>June 2014</i> |

HONORS AND AWARDS

Conference Travel Grant, Cornell University	2014 – 2015
Sage Fellowship, Cornell University	2014 – 2015
Sage Summer Fellowship, Cornell University	2011 – 2015
The Ernest Liu Family Outstanding Teaching Award, Cornell University	2013
Cornell Institute for Public Affairs Fellowship, Cornell University	2009 – 2011
National Scholarship, Renmin University of China	2008

LANGUAGE

Chinese (native), English (fluent)

CODING SKILLS

Matlab, Stata, R

REFEREE SERVICE

Econometric Theory, Journal of Business and Economic Statistics, Journal of Multivariate Analysis, Journal of Banking and Finance, International Review of Finance, Journal of Econometric Methods, China Economic Review

(Updated in September 2024)
